**Progressive Education Society's
Modern College of Arts, Science, and
Commerce, Ganeshkhind, Pune—16**

Well-established since 1992, and successfully running Arts, Science and Commerce courses which includes 21 under-graduate, 12 post graduate including research programs, permanently affiliated to the Savitribai Phule Pune University, Pune. The college has well-established post-graduate departments and research centers in Biotechnology, Microbiology, Zoology, and Chemistry. The college also offers various UGC-funded skill-based courses. College is recipient of many prestigious awards, such as “Star Status” from DBT, Govt. of India; Best College Award, & Best Principal Award (SPPU, Pune); State-level award for Excellence in Energy Conservation & Management (MEDA, India). Moreover, the college is supported with the DST-FIST program of the Department of Science and Technology, India. The college is well-equipped with state-of-the-art facilities in laboratories and technologies like ITC-enabled classrooms, well-equipped laboratories, digital library with internet facility, and so on.

The college regularly organizes several student-centric activities like national and international conferences/seminars, hands-on training and workshops, lectures by experts, bridge courses, educational visits, and personality development programs, disaster management work-shops & entrepreneurship programs for overall development of students.

The college is situated close to the western ghat hills of Pune, and near renowned national institutes like the SPPU, NCCS, IBB, NCL, and IISER. The Pune city is blessed with several historic, cultural, musical, and scenic places including the Shanivar wada, Chatushrungi temple, Sinhagad fort, and many more, to visit.

Objectives of the Conference

The conference will provide an international forum for researchers, academicians and industry experts to exchange their valuable ideas and discuss their research work.

The conference will also allow the high-quality research work to be published in a notable journal with ISSN number. As a sum total, the ideas presented in the conference would motivate budding researchers to pursue their research ideas and make global networks.

Biotechnology encompasses several fields like health, pharmaceuticals, agriculture, environment, bio-energy, food & nutrition, and so on. This event would provide a global perspective for many such topics to the students and re-searchers and allow exchange of ideas & discussion
